THE HANGARS OF CANNES MANDELIEU

Like thousands of business aviation professionals and owners of private jets, you may have already landed on the runway at the top of the business range airport, Cannes Mandelieu. Therefore, you will have been fully able to take advantage of what our platform is internationally renowned for: its ideal location in the heart of the Côte d'Azur, the responsiveness and competence of its teams as well as the quality and diversity of the services on offer.

We can do even more for you! Because we do not just accommodate your plane, we also offer to house it. Our platform features modern and practical infrastructure, sized and equipped for Embraer Legacy or Falcon 7X planes of up to 35 tonnes.

HIGH-PERFORMANCE PARKING FACILITIES

To guarantee optimum parking conditions, Cannes Mandelieu Airport offers **three premium hangars**. With a total surface area of nearly 8,500 m² and a maximum clearance height of up to 9.50 metres, our buildings stand out with the remarkable quality of their sleek architecture and high brightness.

Maximum **protection**

Hangar spaces are available to rent for a day, a few weeks, several months or for the entire year. They ensure...

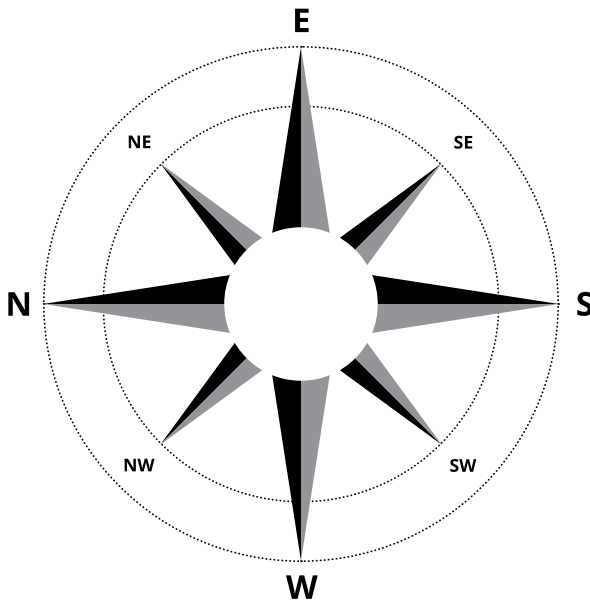

- **optimum protection:** as recommended by manufacturers, protect your aircraft against UV rays, corrosion caused by the sea air, temperature fluctuation as well as bad weather. You'll find that your maintenance fees will be reduced.
- **perfect security:** the design and equipment of our hangars allow you to manoeuvre aircraft quickly and safely and all of our buildings are of course perfectly secured 24 hours a day.
- **true comfort:** our hangars feature offices which are available to rent throughout the year, storage and washing areas. You will also find water points, numerous 380/220 V sockets, boxes and cabinets within the vicinity of your aircraft.
- **full accessibility:** your hangar is accessible 365 days of the year, during the opening hours of Cannes Mandelieu Airport. The proximity of the hangars will give you a rapide access to your aircraft for your preflight. Let us know just two hours before take-off and our runway team will be ready to tow your aircraft for an immediate departure.

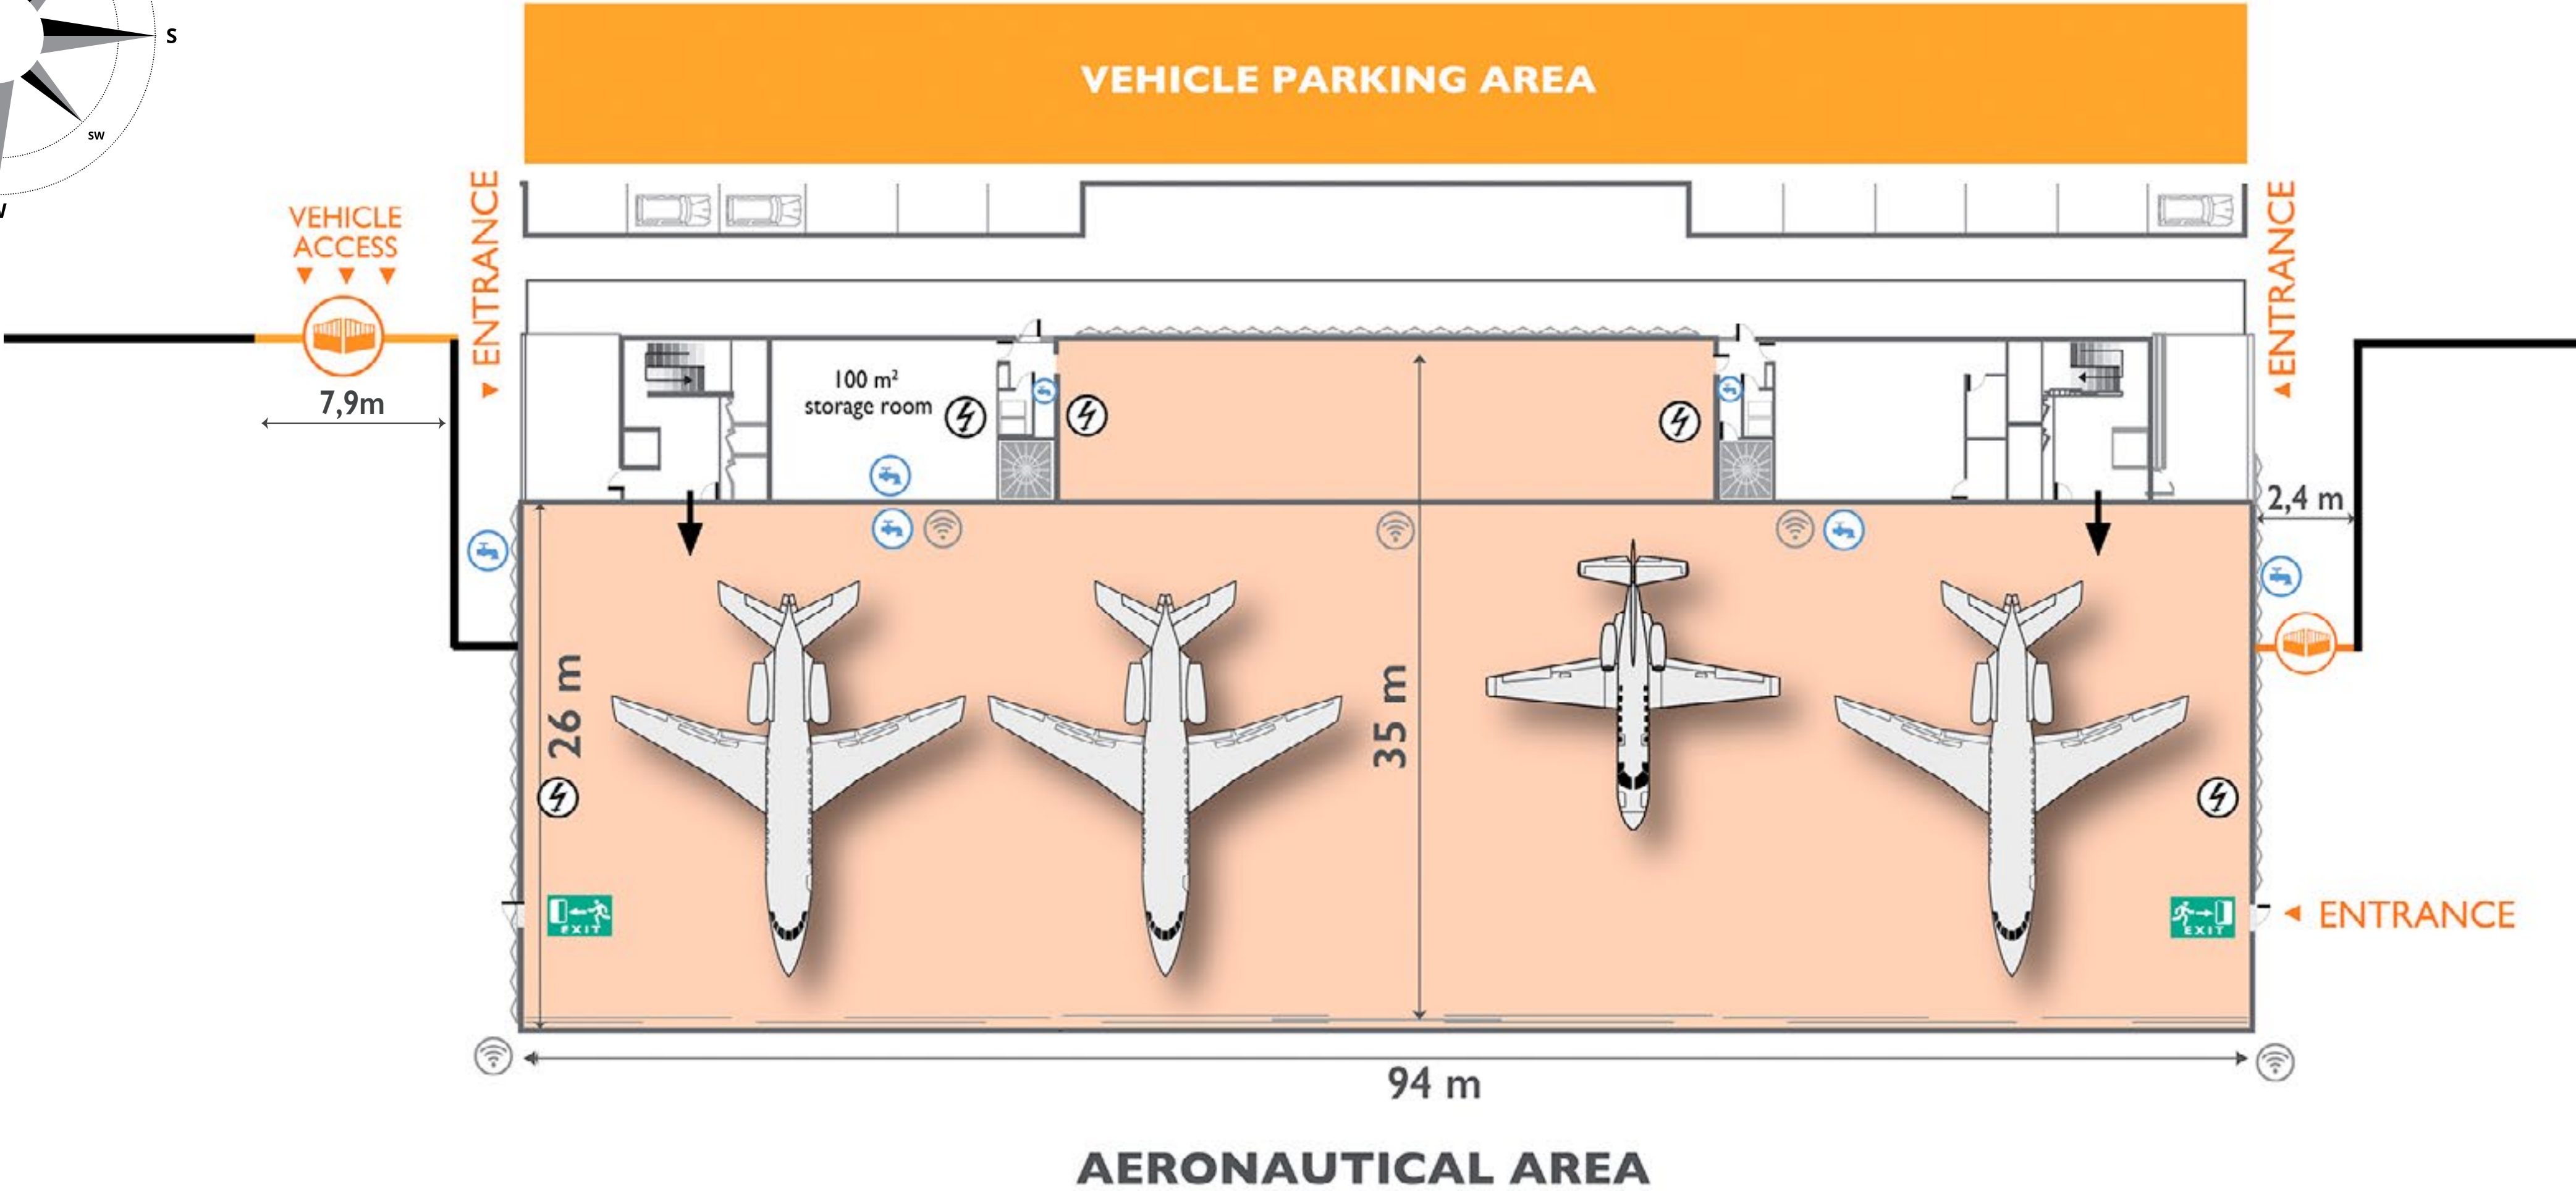

Hangar 16 is unlike any other hangar. Its high ceiling, use of high quality materials and elegance of its design form the basis of **the most beautiful housing** anyone could possibly want for their jet. This Hangar has received a number of awards: the Archicôte award in the 'Industrial architecture' category and the AMO award in the 'Workplaces, architecture and environment' category.

PUBLIC AREA

HANGAR I6

H16

SAFE AIRCRAFT

Have you decided to give your aircraft the infrastructure and safety it deserves? You have made the right choice! Other than basing your aircraft at Cannes Mandelieu Airport, you can enjoy numerous other benefits: its great reputation in the world of business aviation, its ideal location at the heart of the French Riviera and its easy access, the staff's expertise and eagerness to help as well as the diversity of services and benefits offered.

A guaranteed **high quality service**

With Cannes Mandelieu Airport, the second business aviation airport in France, you will benefit from the expertise of many business aviation professionals. Maintenance, catering, shopping: the benefits are varied. However, they all feature one the same element: quality! At the heart of this ecosystem you will also find Sky Valet, the platform's exclusive FBO. With proven and up-to-date expertise, its teams ensure a very high level of service and security. Becoming the first platform in Europe and third in the world to obtain the IS-BAH certification are examples of the performances that have been earned at Cannes Mandelieu.

- **passenger services:** a dedicated and personalised welcome, on site customs, fine restaurants, VIP lounges (complimentary drinks), concierge service, business centres, secure basement and outside car parks, helicopter operators, rental services for limousines and vehicles with or without a driver.
- **crew services:** NOTAM, weather briefing, slots (arrangement), crew lounge (complimentary drinks), cars for crew usage (during the day), free Wifi, hotel accommodation and transfers, rental cars, flight plans.
- **aircraft services:** Full aircraft ramp handling services, fueling (Jet A1 - AVGAS), aircraft maintenance, Ground Power Unit (GPU), aircraft towing, deep external & internal cleaning, dishes and laundry cleaning, 5 stars catering services, international newspapers & magazines.

An exceptional **location**

Cannes Mandelieu Airport opens the doors of the world to you. The French Riviera has a glowing image, thanks to its sunny climate (300 days of sunshine a year), its Mediterranean landscapes, its elegant heritage, the abundance and diversity of its cultural activities and, last but not least, its lifestyle.

Our specific strengths:

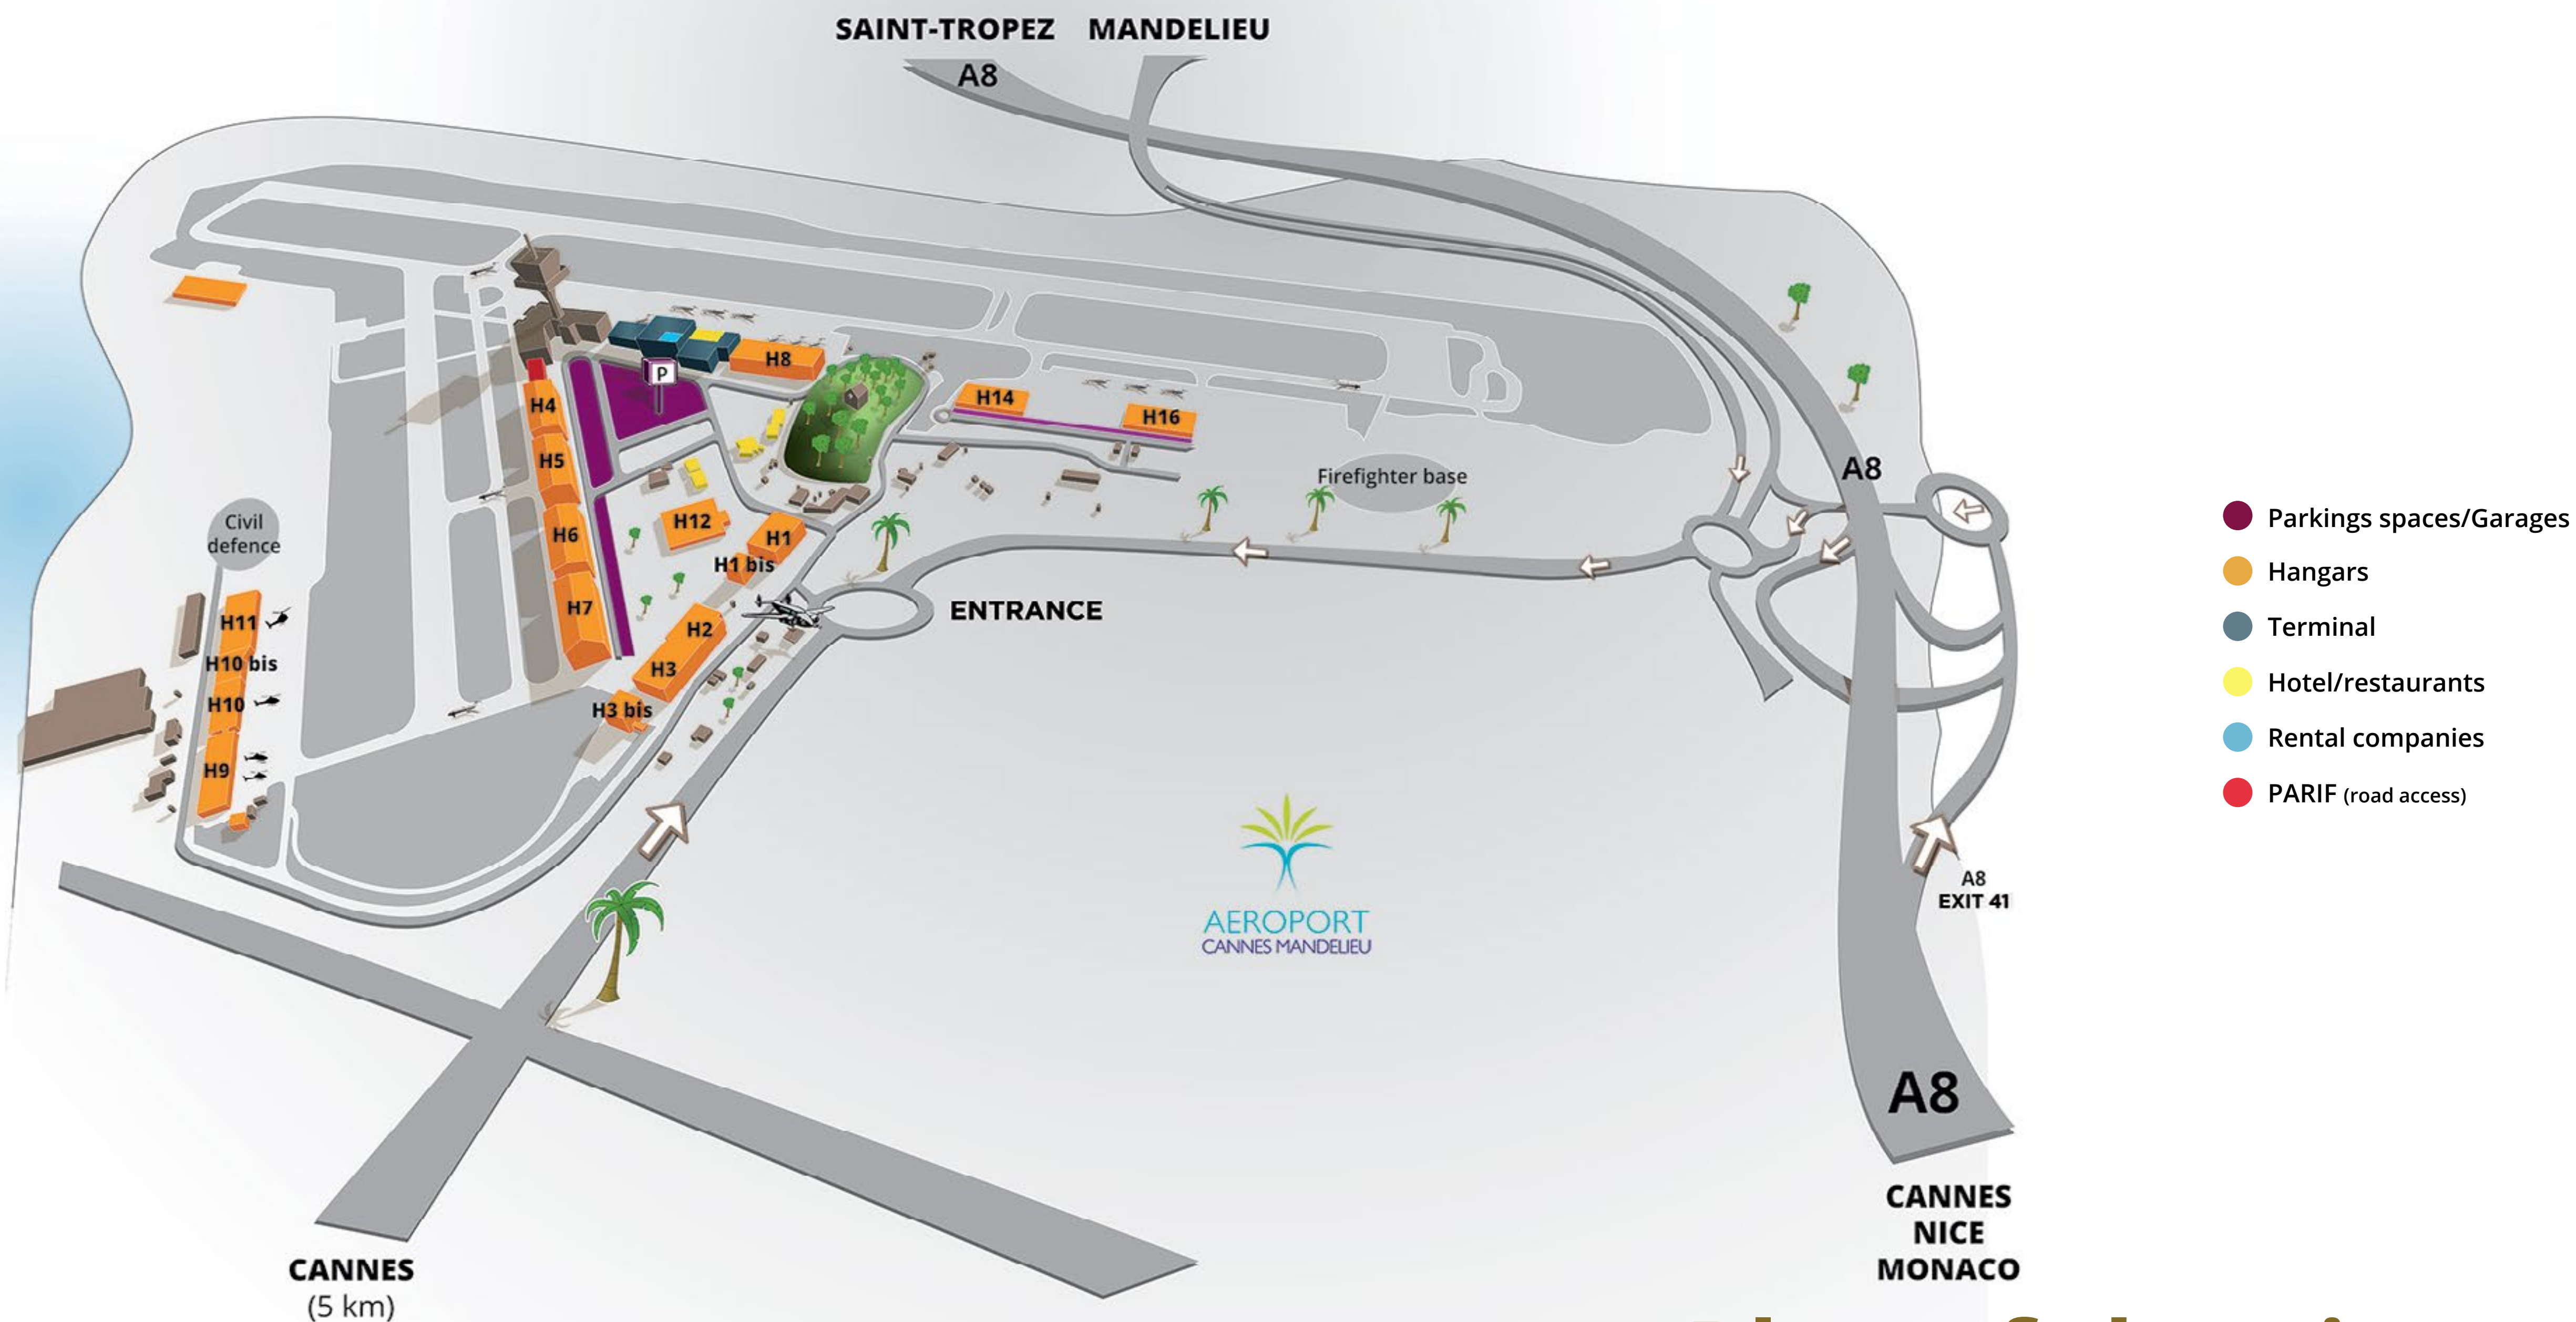

- striking distance from **legendary spots in and around Cannes**: the Croisette, traditional villages in the hinterland, golf courses...
- Nice Côte d'Azur Airport (with over 100 scheduled destinations) is just a few minutes away, Saint-Tropez and Monaco are also at a reasonable distance by car with **the A8 motorway** easily accessible at the exit of the airport.
- need to save time? A **helicopter flight** will allow you to reach your destination in just a few minutes.
